### **Reasons for Allowance**

1. This application has been examined. The amendment filed 12/20/04 has been entered.

2. An examiner's amendment to the record appears below. This was made to bring into independent claim 13 the feature of the storage device for storing the ordered sequence of parameter setting menus defined by the operator, keeping consistent with the other independent claims and applicant's remarks. Accordingly, claim 14 is cancelled, and claim 18 is amended to depend off claim 13. This now puts the application into condition for allowance. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

At the end of claim 13 amended, please add:

"and further comprising a storage device for storing the ordered sequence of parameter setting menus defined by the operator."

Please cancel claim 14.

In claim 18 line 1, please change "14" to "13".

3. Authorization for this examiner's amendment was given in a telephone interview with Mr. Tarik Nabi on 4/4/05.

4. The following is an examiner's statement of reasons for allowance: The amendment 12/20/05 and examiner's amendment 4/4/05 put the application into condition for allowance by incorporating into all the claims the features that the order of the displayed parameter setting menus defined by the operator is interchangeable and controlled by the operator, and that the ordered sequence is then stored on a medium. These features, combined with the menus selected in the chronological sequence and being contextually independent of each other, in the image reproduction system as now claimed, distinguishes over the art. The features combined as recited in the independent claims (1 amended – the method, 7 amended – the computer medium, 13 amended – the computer controlled user interface) are not set forth in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven P Sax whose telephone number is (571)
